

**INNOVATIVE PROJECTS IN THE WIND ENERGY SECTOR**

**TO DEVELOP POWER CONVERSION SYSTEMS**

PLEASE RATE YOUR OPINION BY ANSWERING THE QUESTIONS LISTED BELOW.

LEAVE IN BLANK IF NOT APPLICABLE:

COMPANY NAME:  
YOUR NAME:  
POSITION: DATE:

Please rate your opinion by answering the questions listed below:

5= Strongly agree 4=Agree 3= Neutral 2= Disagree 1= Strongly Disagree

**I. OFFSHORE 4.5MW MODULE PROJECT**

Offshore medium voltage for multimegawatts solutions based on modules up to 4.5mw

- 1. Do you consider interesting the project developed?
- 2. Do you think the project is strategically relevant for the sector?
- 3. Do you consider that Grants EEA / Norway Grants should fund this project?

Please provide any additional comments you may have, or indicate areas you believe need improvement:

**II. HIGH EFFICIENT FC PROJECT**

New technologies "full-conversion" to increase energy density and power-cost ratio in offshore wind generation

Please rate your opinion by answering the questions listed below:

5= Strongly agree 4=Agree 3= Neutral 2= Disagree 1= Strongly Disagree

- 1. Do you consider interesting the project developed?
- 2. Do you think the project is strategically relevant for the sector?
- 3. Do you consider that Grants EEA / Norway Grants should fund this project?

Please provide any additional comments you may have, or indicate areas you believe need improvement:
